## Summary

Aspiring AI & ML engineering student with a strong background in problem identification, seeking an entry-level software developer position. Passionate about leveraging technology to drive innovation, with a long-term goal of becoming a successful entrepreneur.

## Internship Experience

- AI & ML intern

at Synorers Company,

focused on leveraging machine learning algorithms for real-world applications and enhancing problem-solving skills in a collaborative environment.

☐ Leveraged machine learning algorithms for real-world applications. ☐ Gained hands-on experience in AI & ML projects.

- Graph Designer

Interned at Great Learning as a Graph Designer, creating visually compelling and informative graphics to support educational content, enhancing user engagement and learning experiences.

☐ Created visually compelling and informative graphics.

## Projects

- Fraud detection (credit card)

Developed a credit card fraud detection system using machine learning algorithms to accurately identify and prevent fraudulent transactions in real-time.

## Education

- SSLC & HSC (2016 & 2022)

Sree Gopal Naidu Higher Secondary School, CBE Completed with 79.6%(SSLC) & 85.5%(HSC).

- Bachelor of Technology

Artificial Intelligence and Machine Learning (2022-2026) Dr. Mahalingam College of Engineering and Technology, Pollachi  
CGPA – 7.06

## Certifications

- Fundamentals in DL from NVIDIA.
- AI ML in Synorers.

## Programming Skills

C, Java, Python, HTML, CSS.

**Skills** : Illustration, Photography.
